*The 1996 West Belfast Festival will be bigger and better with a wide range of entertainment for all ages. Each year as new experiences help us develop we can only learn by our mistakes and add to our successes. Feile an Phobail is now in its ninth year and is thriving on its previous success.*

We are delighted to announce that Feile an Phobail has secured a licence for its first radio station *Triple FM (Failte Feile FM)*

which will be on air from 15 July-11 August. Based in Springvale Training Centre it will broadcast between 7am-2am daily. This provides an excellent opportunity for us to inform the general public of what will be happening over the Festival.
